HAPPENINGS ABOUT CITY TOLD IN BRIEF

Miss Minnie Henderson has returned from Haven, Maine, where she spent the past few months.

A marriage license was issued in Washington to Arthur M. King, of Alexandria, and Ruth Elizabeth Mac Kay, of Washington.

Word was received in this city today of the death of George B. Deeton, a former resident of this city, who died in Norfolk, Va., this morning.

The funeral of Richard Mc Menamin, who died yesterday, will take place at 3 o'clock tomorrow afternoon from his late residence 1318 Duke street.

The first dance of the season under the auspices of the Dreadnaught Athletic Club will be given in their hall, King at Washington streets, tonight, beginning at 9 o'clock.

The regular meeting of Alva Aeria No. 871, Fraternal Order of Eagles will be held tonight at 8 o'clock at Eagles Hall, on fourth floor of Alexandria National Bank building.

Mrs. Frederick P. Russell and Mr. Hunt Russell have returned from Noank and Mystic, Connecticut, where they spent the past three months. Mr. Frederick P. Russell stopped in New York on business, and will return to this city in a few days.

Mr. and Mrs. Max Wertheim, of New York, were recent visitors at the home of Mr. C. M. Schwab. Mr. Wertheim is of the Metropolitan Opera Company and well known in musicial circles throughout the United States. Mrs. Wertheim was before her marriage a well known pianist.

Jump Fatal

G. J. Haynes Dies Today Following Leap From His Window.

Suffering from a severe attack of nervousness which followed a long illness George J. Haynes, eighty-seven years old, a retired farmer who lives near Accotink, Fairfax county, jumped out of the second story of his residence and died this morning from his injuries. A short time after committing the act Haynes was found in an unconscious condition.

The deceased had lived near Accotink for the past thirty or forty years and was a native of Burrington county, New Jersey. He is survived by his wife.

IN MEMORIAM.

In loving remembrance of my son, Eugene Wilburn, killed in France, October 6, 1918.

"Somewhere in France"—you sleep tonight,
My brave young soldier lad.
You gave your life for your country's sake,
And your soldier-soul was glad.
In dreams I often see the mound
Where your dear body lies;
And I kiss the sod that covers you,
Beneath those far-off skies.
Oh, how I long to see the place,
Where they laid you, laddie mine;
But you, I shall see again some day,
In God's "Somewhere, Sometime,"
No, I shall never see the spot,
Where my brave young laddie sleeps,
But God is good, and I know He'll see,
That all angel's vigil keep.

By his Mother. 239-1p

NOTICE.

A called communication of Alexandria-Washington Lodge No. 22, A. F. and A. M. will be held in the Masonic Temple on Thursday afternoon at 2 P. M., for the purpose of attending the funeral of our late brother Richard McMenamin, Members of Andrew Jackson Lodge and all Master Masons are invited to attend.

Members having automobiles will oblige the Master by using them.

C. PAGE WALLER, Jr.,
Secretary

RAP OVER HEAD FOR FACE COUGHERS

Dr. Louis Foulks Urges Drastic Threatment to Teach Them

HITS FOOD HANDLING

Will Present Ordinance to City Council Prohibiting Unwrapped Bread Being Sold in City

This is the time of the year when people take cold more easily than during normal cold weather, but the reason, however, is very simple. The early fall cold snaps catch us as did the great war, that is in a condition of unpreparedness. The summer sun has lulled us into a state of fancied security, but it is now time to wake up, says Dr. Louis E. Foulks, city health officer.

A sudden cold snap in the fall, generally finds the family unprepared to start a fire in order to take off the chill and dampness of the rooms. They are still wearing their thin summer clothing and try to make it do a little longer, hoping the lowered temperature will only last a day or so. Under such conditions the body becomes chilled and the normal registing powers against diseases is greatly lowered. That is why so many people, at this time of the year, develop the various nose and throat affections generally termed "colds", and which in turn may lead to more serious diseases. A man told me the other day that he never made any chance from summer clothing until the first of November. Well, that may be all-right for him, but long experience has taught me that it is far safer to change according to the weather, than it is to go by the almanac. Common sense is a powerful factor in keeping well. Eat and drink when hungry or thirsty. Go to bed when tired and sleepy, even though it be eleven and one half minutes before your regular time. I had a friend who used to say he never got tired or hungry and when asked how that was, he would answer, "Well, I always eat before I get hungry and rest before I get tired." There is some little reason in that, when you come to think of it!

Have a little fire in the house these cool nights and dress according to the weather, without regard to the calendar. And if you are sitting down trying to keep warm and comfortable, don't let some fresh-air fiend raise the window on you. Fresh air is all right in its place, but there is such a thing being too blamed fresh with it!

If a man coughs in your face, rap him over the head, he ought to know better. That is the way most nose and throat diseases are directly transmitted. And by the same token, don't you cough in some other person's face, keep your troubles to yourself.

Why do children contract such diseases more readily than adults? First, because they come into closer contact with other children at school and at play. Second, because they put their fingers to the mouth and and nose more frequently than adults, and also often use the mouth as a sort of holder for coins, pencils, pens, etc. Third, because being yet in the process of development, they are more susceptible to acute diseases than an adult, hence they should be more careful, but they are not.

Foods that are not to be cooked and that cannot be carefully washed before eating, should be looked upon with suspicion, unless they have been handled and received by you in a strictly sanitary condition.

Practically all disease germs are destroyed by proper cooking of fish, meats and other foodstuffs. But many forms of our daily food is either eaten raw or has been cooked by the manufacturers; such as butter, cheese, cakes and bread. And speaking of bread, no baker should be permitted to distribute it to the stores and houses of any city, unless it has been wrapped in wax or other paper at the bakery. To that end, I am now at work upon an ordinance which I will soon present to Council, prohibiting any unwrapped bread

SUNDAY MEETINGS FOR MEN BY Y.M.C.A.

First of Six to be Given November 7 at Richmond Theatre

"Y" BOARD MEETING

Three Scholarships Awarded Program For Training Boys Mapped Out—Secretary Submits Report

Alexandria is to have six monster Sunday afternoon men's meetings at the Richmond theatre beginning November 7. This was decided at the regular monthly meeting of the Board of Directors of the Young Men's Christian Association at the Chamber of Commerce last night.

N. S. Greenaway, chairman of the religious work committee of the Y. M. C. A., in making his monthly report to the board said that there was evident need of a men's meeting in the city and that the pastors' association and Bible classes of the city were enthusiastic over the prospect of providing the non church man with an opportunity for an interdenominational religious service Sunday afternoon.

Mr. Greenaway said that the meetings would be addressed by the best speakers available and the Citizen's Band and the best musicians of the city would furnish the music. William E. Dunn, Alexandria's trained community song leader, will have charge of the singing and it is planned to have the men sing familiar songs and in every way make the meetings attractive profitable. The meetings will continue for six weeks the last one being held December 12.

The "Y" board meeting was well attended last night and the reports of the various committees was a distinct feature of the meeting. Wm. Campbell, chairman of the educational committee, reported that at the last meeting of his committee three educational scholarships were awarded to ex-service men, one in the University of Virginia, one in commercial illustrating, and one in a short course in architectuarl drawing.

Mr. Campbell stated that the committee has yet several hundred dollars to spend on ex-service men scholarships and he requests the public to asist in finding the men who would appreciate assistance in an educational way. The committee will assist the men either in a regular school or by a correspondence course, and as there are now over two hundred different courses to choose from, the committee believes it can be of service to any ambitious man who desires to take additional training along any line.

Geo. K. Bender, chairman of the boy's work committee, reported that most of the Sunday school superintendents of the city had been added to his committee and that the committee had decided to adopt the Christian Citizenship Training Program for boys of the Sunday school of the city The program is a most attractive one and is divided into two main groups consisting of systematic and progressive training for boys from twelve to eighteen years.

Mr. Bender said that some real surprises were in store for the youngsters of the city as the committee is preparing to offer a program with unusually attractive features for the troops organized in the various Sunday schools of the city. He also intimated that some of the Sunday schools have already secured leaders for their troops and would doubtless be definitely organized in a short time.

The general secretary's report was a feature of the meeting and showed his usual busy program of visits, committee meetings, socials, talks, etc., which take him into practically every phase of the city's life.

PROPERTY SALES.

Property sales just recorded in the office of the clerk of the court follow: Mrs. Evelyn W. Walker to Eugene L. Mc Cubbins and wife, house and lot 3, block 4, section 1, Rosemont; Eugene L. Mc Cubbins and wife to Wilkes H. B. Coss and wife, house and lot, 1609 King street; L. Morgan Johnston and wife to John Lowe and wife, house and lot on the north side of King between Peyton and Harvard streets.

Rehearsal A Success

Oh, Oh, Cindy Will Be Presented at Opera House Tonight

A riot of fun, pretty costumes, catchy songs and displaying a swing and pep that is rarely, if ever, seen in a home talent production, the big dress rehearsal and children's performance of "Oh, Oh, Cindy" was given at the Opera House last evening and in the neighborhood of 500 children took advantage of the special prices and attended.

The evening's performance started with a near riot on the part of the kiddies who had paid admission to the theatre, but this was stilled when the curtain rose on the first act of the musical farce. Every member of the cast was in his or her place at the appointed time and the play started and went through to the finish without a hitch.

Naturally the music showed a slight wire edge which was worn off before the reaching of the grand finale and spoke volumes for the regular performances that are slated to be given tonight, Thursday and Friday.

One of the big features of the performance last night was the work in the grand finale of Miss Evelyn Howard, who appears in the part of "Le Crier." All members of thecast showed that considerable hard work had been done in the learning of the lines of the various parts and there is no doubt but what tonight's performance will be as near perfect as it is possible in such a short space of time.

The greater portion of the credit for the initial success of "Oh, Oh, Cindy." is due to the untiring efforts of Miss Louise Close, of the John B. Rogers Producing Company and the few persons who have spent night and day in helping to stage the play.

Lily Blacks Protest

Say They Will Bolt Congressional Ticket of Lilly White Republicans.

Colored republicans in mass meeting assembled last night at the Second Baptist Church, North Pitt street protested against the action of the "Lily Whites" of this city denying them the right of voice in the republican mass meeting in the city. They set forth resolutions that since they are unfit to help to name the delegate to the district convention they are unfit to vote for the candidate to Congress from the eight district. After adopting a resolution to the foregoing effect the gathering adjourned to meet next Tuesday night at 7:30 o'clock. Edward Green was chairman and W. N. Jackson secretary.

RAZES CONVENTION HALL

World Sunday School Assembly Halted in Tokyo When Building Burns Flat.

Tokyo, Oct. 6.—Fire yesterday afternoon completely destroyed the big hall in which the world's Sunday school convention was to have held its first session last night. It is said that there were no casualties.

The fire, which resulted from defective electric wiring, started just before 4 o'clock, when the lights on the dome ,bearing the inscription, "I am the light of the world," were turned on.

The building, which had been constructed of light material, covered with stucco, was destroyed within a few minutes. A large number of delegates were inside the building when the correspondent left it, two minutes before theflames started.

REV. DR. P. P. PHILLIPS WILL RESIGN SUNDAY

Rector of St. Paul's Episcopal Church For 26 Years

TO DEDICATE CHIMES

S. B. Fowler Sunday to Celebrate Thirtieth Year as Organist and Choir Director

The memorial chimes recently installed in the organ in St. Paul's P. E. Church will be formally dedicated next Sunday on which occasion Rev. Dr. P. P. Phillips will officiate for the last time as rector of that church and Sherman B. Fowler, organist will complete his thirtieth year as organist and director of the choir of that church.

The history of St. Paul's is somewhat unique in that since its organization in 1810 the parish has only had five rectors, the last, Rev. Peter Parker Phillips, D. D., was called to this parish in the spring of 1894, and during his pastorate the church has enjoyed a season of prosperity. In addition to the large amounts raised each year for necessary church expenses and benevolences, the Norton Memorial Parish House was built several years ago at a cost of $12,000 and later, in 1905 the church was enlarged by the addition of a commodious recess chancel and new organ at a ost of about $15,000. Dr. Phillips having reached the age for retirement established by the last General Convention of the Church, has tendered his resignation to take effect October 15th, and turns over to his successor a united Parish, free from debt, with the largest number of communicants in its history, (three hundred and thirty-one) all the societies of the church and the Sunday School in a flourishing condition, and with a choir second to none in the Diocese.

Mr. Fowler took charge of the music of St. Paul's in the Autumn of 1890, coming to this Church from Trinity M. E. Church. The choir at that time consisted of a quartet and sang from the rear gallery of the Church. The choir gradually developed into a quartet and small chorus, the limited space in the gallery precluding a large choir. When the recess chancel was building, in addition to the solo quartet, Mr. Fowler organized a large chorus which sang in the new chancel for the first time on Easter Sunday 1905, and at once established a reputation which it has since maintained of rendering most effectively the musical portion of the Liturgy of the church. The cantatas given each Lent always attract large audiences, and the concerts given annually until the world war, were considered the musical event of the season. It is hoped these concerts will shortly be resumed.

A movement was started last spring to place a set of chimes in the organ in memory of deceased members of the choir. This proposition met with a ready response from their relatives and friends, and the required amount about $800 was soon subscribed and the order placed with Mr. Du Born of Philadelphia. A handsome silver tablet engraved with the name and date of death of each member has been placed on the front of the organ, as follows:

George Hatley Norton, August 20, 1896.
Cecelia Randolph Green, May 18, 1902.
Richard West Wirt, June 2, 1902.
Ruth Bryant Brown, February 27, 1909.
Horace Baker Ramey, May 22, 1911
Blanche Bodkin Berkeley, July 27, 1911.
Stephen Franklin Field, March 4, 1912.
John Julian Chisholm Luckett, December 22, 1918.
Helen Yetley Heisley, August 10, 1919.

The services Sunday will be: 11 a. m., Morning Prayer with Sermon by the Rector and special music by the choir. 8 p. m., Evening Prayer, followed by an organ recital by Mr. A. G. Eldridge, Organist and director of the choir of St. Margaret's Church Washington. Miss Ritchie McLean, alto soloist of the same choir will sing at the offertory. For about fifteen minutes before each service Mr. Fowler will play a number of familiar hymns on the chimes. The offertory at the evening service will be for the choir fund.

A cordial invitation is extended to all to attend these services.

AUTO EDITOR TALKS ON GOOD ROADS

M. O. Eldridge and A. G. Seiler Address C. C., Auto Bureau

REPORT ON ROAD WORK

Truck License Between D. of C., and Virginia Reciprocal—Hunting Creek Road Improved

The meeting of the Automobile Bureau of the Chamber of Commerce last night in the club rooms of the chamber was well attended. J. E. W. Timberman, chairman, presided.

The committee appointed to urge the re-surfacing of the highway extending from Queen City to the city limits reported that the work had not been done on account of the inability of the contractor to secure material, but that a new contract had been entered into and that the work would be begun in ten days.

The committee on the improvement of the approach to Hunting Creek Bridge reported that this work had been promptly done when called to the attention of the city engineer. Upon motion Mr. Dunn was given a vote of thanks for his prompt action.

The committee appointed to confer with the officials of Potomac relative to their speed limit of 12 miles per hour reported that this law would be amended in the near future.

A letter from the commissioner of the District of Columbia was read stating that the reciprocal truck license regulation between Virginia and the District of Columbia was agreed upon and was now effective.

The bureau requested the board of directors to appropriate the necessary funds to place disks at the intersections of King and Washington street, King and Royal, and King and Alfred street. This will reduce the possibility of accidents.

Mr. Timberman introduced Mr. M. O. Eldridge, assistant editor of the American Motorist, representing the American Automobile Association. The speaker said he had expected to tell the bureau what it should do, but after listening to the committee reports he felt that Alexandria was to be congratulated upon having a live and efficient organization, one that surely would prove helpful to the city, state, and in co-operation with the

Acquitted Of Charge

E. B. Grant Appears Against Policeman Durrer—Lawrence Padgett Chosen Policeman

Earl B. Grant, chief clerk in the test department of the Southern Rail way Company, who resides at Wellington Villa, Fairfax county, appeared before the board of police commissioners last night at a special meeting held in the office of Mayor J. M. Duncan and complained against Policeman Haywood Durrer. Mr. Grant told the commissioner that about three weeks ago he was accosted by Durrer and the latter asked him about the contents of a hand grip. He said that rather than miss his car he opened the grip and showed the officer he had groceries. Mr. Grant stated that he passed the matter up and that on last Wednesday he again was accosted by the officer who demanded to know what he had in his grip. He did not, however, open the grip on this occasion and was escorted to police headquarters by the officer and when the grip was opened it contained groceries. In his letter to the board Mr. Grant asked that the officer be dismissed. The policeman was acquitted by the board.

The board unanimously elected Lawrence E. Padgett a member of the force. Mr. Padgett, is twenty-seven years old and an exservice man There were eight applicants, among whom were two former members of the force.

AUSTIN MAY KNOW HIS FATE TODAY

Charged With Slaying J. R. Bailey Davis at Manassas

VICTIM SHOT TWICE

Prosecution Presented Witnesses Who Testified That Austin Laid in Wait For Davis.

Manassas, Va., Oct. 6.—Karl J. Austin, crippled slayer of J. R. Bailey Davis probably will know his fate tonight. A jury was chosen, the prosecution rested, and Austin himself went on the stand in his own defense today. The defense is expected to conclude by this afternoon, and the case may go to the jury before nightfall.

"We'll finish the case up if possible, if it takes till midnight," said T. Morris Wampler, of Culpeper and Washington, engaged by the family of the slain man as special counsel to aid in the prosecution.

More than fifty veniremen were examined before the jury was completed. Only two of those examined objected to the death penalty, but most of the others admitted they already had formed an opinion as to Austin's guilt.

The jury finally picked, the prosecution produced witnesses who testified that Austin had lain in wait for his victim nightly for two weeks before the killing. Martin Lynch, a farmer, swore Austin told him two months ago, that he intended killing Davis.

Davis passed the Farmer's Exchange Building shortly before 9.30 o'clock in the morning, witness said, and Austin, sitting in his invalid's chair, took two shots at him from a distance of about ten feet. Both shots took effect in Davis' breast and he died almost instantly.

Austin was placed on the stand as first witness for the defense late this evening. Attorney Jack Lee, who is defending him, asked him to tell the story of his life. He told how he had been crippled since he was 12 years old as a result of typhoid fever. At this point court was adjourned until 10 o'clock tomorrow morning, when the story will be resumed. He will be followed, it is expected, by his wife.

Austin claims, according to the story he told immediately following the shoting, that Davis broke up his home. Austin said his wife had confessed to him that he had arranged an interview with Davis in his wife's presence and that Davis had agreed to leave Manassas. He killed Davis, he said, when the latter failed to keep his word.

The alleged love triangle caused the Austins to separate, Mrs. Austin going to Washington, where she secured employment in a telegraph office. After Austin killed Davis she returned to Manassas, and announced she would "stick to her husband to the end". Her husband was released on $10 000 bond, and the two went to their little home together.

A few weeks later, the home was dynamited.

Austin blamed the explosion on friends of the slain man. These friends, in turn charged that Austin himself had planted the dynamite in an effort to rouse sympathy.

Austin's defense, it was reported last night, will be the unwritten law and self defense.

WORLD'S CHAMPIONSHIP.

THE SCORE—Cleveland, 3; Brooklyn, 1.

ATTENDANCE—23,573 paid admissions.

GATE RECEIPTS—$79,049; players' share, $12,696.46; owners' share, $28,457.64; National Commission's share $7,904.64.

WILSON'S 'INTERNATIONALISM.'

When this country became independent of Great Britain its vesse's were barred out of all British West Indian ports. We could not admit British vessels from the West Indies into our ports when England would not admit our vessels into her West Indian ports. Therefore we retaliated

But we had an important commerce with the British West Indies and it was carried on by this troublesome and expensive process. The sugar and rum of a British West Indian island were carried in a British bottom to a Danish or French West Indian port. We loaded an American vessel with lumber and salt fish and sent it to the same Danish or French port. There both cargoes were taken out and transshiped, so that England could keep its West Indian trade for its own shipping and we could retaliate.

But both countries had sense enough after a few years to waive their obstructions to trade and admit each other's vessels to their own ports on equal terms. And then our lumber and salt fish went direct to a British West Indian port and brought back sugar and rum. The cost of commerce was greatly reduced, and both sides gained by applying a little common sense.

But the Republicans are still living in the eighteenth century. They have learned nothing. They suppose that discriminations in favor of our shipping were of great advantage to us, while Americans of that time knew they were not and made every effort to get them removed. They offered to remove our restrictions in favor of any nation that would remove its restrictions, and one nation after another accepted our terms and the barriers came down, and our shipping increased and spread over the Seven Seas. But the Republicans want to go back to the era of discriminations. They passed the Jones law to that end. But the President knew that if we imposed discriminations all other nations would retaliate, and our ships would find it possible to bring in our imports, but not to carry out our exports. For the time being he has saved them from that disaster.

The notion of the Republican National Committee that the President has delayed the discrimination against our shipping by all the maritime nations in the world by reason of his "obsession for the doctrine of free trade and internationalism" is as fantastic as it is false and frivolous. We went into the second war with England under the cry of "Free trade and sailors' rights." Free trade" did not then mean freedom from duties on imports, but freedom from flag or differential dues and duties. We got most of our free trade, our freedom of commerce in foreign ports, by reciprocal concessions, which the Jones law would throw away. The Republicans are determined to invite reprisals upon our shipping from every nation having a merchant marine, and the President is determined that this blow shall not fall upon our shipping until there is an opportunity to make the situation clear to Congress. There was no such opportunity last summer, because Congress adjourned immediately after enacting this stupid piece of eighteenth-century legislation.

FOR SKIN TORTURES

Zemo, the Clean, Antiseptic Liquid, Just What You Need. Is Not Greasy

Don't worry about eczema or other skin troubles. You can have a clear, healthy skin by using Zemo. Obtained at any drug store for 35c, or extra large bottle for $1.00.

Zemo generally removes pimples, blackheads, blotches, eczema and ringworm and makes the skin clear and healthy. Zemo is a clean, penetrating, antiseptic liquid, neither sticky nor greasy and stains nothing. It is easily applied and costs a mere trifle for each application. It is always dependable.

The E. W. Rose Co., Cleveland, O.

Counterfeit $5 Coin Is Cheap

Washington, Oct. 6.—A counterfeit $5 gold coin worth eight times as much as the genuine turned up at a local bank yesterday. It is made of platinum

The spurious coin bears the date of 1869. Musty archives of the Secret Service contain a record of the species and the case is marked "closed."

The coin was made in Maine and came to the notice of the Treasury Department when the scion of a wealthy family took quantity of of them from a safe deposit box containing heirlooms and put them in circulation. All known specimens were confiscated by the Secret Service, and it was unknown until yesterday that others were still in circulation.

MOVIES

INGOMAR—Henry Wathall in "The Long Arm of Mannister."

The Long Arm of Mannister," which is to be shown on the screen of the Ingomar Theatre today is typical of the high quality of all the pictures handled by the Pioneer Film Corporation.

"The Long Arm of Mannister" is a picture which the great motion picture loving public has long waited for. It goes right into the heart of the fundamental human impluses, and is new in theme, unusual in treatment.

It is based upon the great novel by E. Phillips Oppenheim, and like all of this distinguished author's works, there runs through it a predominating note of powerful human emotion, coupled with great ingenuity of plot and liveliness of action. Henry Wathall is the star.

RICHMOND—Alice Brady.

This is leap year. Perhaps, in your worry over the high cost of living, you had forgotten the fact. There are still several months left in 1920, however. So if you are a girl, with a solitaire on your left third finger, muse and consirer the question. If you are a young man, and have no girl her left finger; prepare to do so. Whoever you are, don't fail to see how Alice Brady, playing the star role in "A Dark Lantern" at the Richmond tonight faced this question and made a tremendous decision. Not a play for children, but a strong emotional drama for thinking men and women.

NIGHT SUFFERED FOR FIFTEEN YEARS

Petersburg Man is Entirely Relieved of Rheumatism By Taking Tanlac

"I had rheumatism in all my joints and my muscles were so stiff that a sudden movement of any part of my body caused me to suffer agony," said J. O. Knight, a well-known contracting carpenter living out on Route No. 3, Petersburg, Va.

"For the past fifteen years," continued Mr. Knight, "I had constant pain under my left shoulder blade. I had rheumatic pains all over my body and my muscles were all drawn up. I could get in no position at night that would give me ease and many a morning I was not able to go to work. I was also troubled with a bad case of indigestion, and after every meal I had burning, griping pains in my stomach. Gas would bloat me up until I could hardly breathe and I would often get so deathly sick at my stomach that I could not stand up. Dizzy spells would come on me every day and I became so weak and fainty I had to lie down until they passed over. Even after I went to bed these nauseating spells kept me in such misery that I could hardly sleep at all and when I got up I had a bad taste in my mouth and had no strength or energy about me.

"As long as I live I will always feel that I owe a debt of gratitude to my friend who told me about Tanlac. I began to improve after the first few doses and now I have finished my fourth bottle my troubles have all disappeared. The stiffness in my joints has left me and I haven't an ache or pain in my body. I am enjoying my meals, because I can eat anything I want without suffering any bad after effects whatever. Gas has stopped forming altogether and I am never bothered with those nauseating spells any more. I get up every morning after a good night's rest feeling just fine. I am as sound as a dollar in every way and I never miss a single day from my work. I have gained eight pounds in weight and am feeling better and stronger than I have in years. I prize Tanlac above all medicines, and it will always be a pleasure for me to recommend it."

Tanlac is sold in Alexandria by Edgar Warfield, jr., and Gibson's Drug Store.

RAP OVER HEAD FOR FACE COUGHERS

(Continued from Page One.)

being sold in this city. Remember that many hands come in contact with unwrapped baker's bread before it reaches your table, and this bread is put directly into you mouth. Laboratory tests fully prove the danger of eating unwrapped bread. What does it avail if the baking is conducted under the most perfect sanitary conditions, if the bread is contaminated all along the line by frequent handling before it reaches your table? This is just one of the seemingly little things, the importance of which has been to generally overlooked in the past. For the past ten years, I have been trying to impress upon the public the importance of purchasing wrapped bread only.

CHARGE AGAINST GIRL

Young Woman Teacher Is Arrested In Her Schoolroom By U. S. Marshall.

Evansville, Ind., Oct. 6.—Miss Mabel Speer, 24-year-old schoolteacher living at Birdseye, Ind., was arraigned here late Monday on the charge of sending poisoned candy through the United States mail to a young woman, said to be her rival in love.

Before United States Commissioner Harmon the teacher pleaded not guilty and was released on $3,000 bail until her preliminary trial, set for next Saturday.

When arrested by a United States marshall, as she presided over her class in domestic science atthe Bordseye High School, Miss Speer is said to have denied the charge but refused to discuss the case.

The charge that she sent a package containing poisoned chocolate candy to Miss Mattie Hardin at Ireland, Ind. Miss Hardin did not eat the sweets. Miss Hardin also is a school teacher. Dewitt Hobbs, said to be the man in the case, is a prominent resident of Ireland and understood to have paid attentions to both teachers.

Goethals Made Head Of Fisheries Co.

New York, Oct. 6.—General George W. Goethals, builder of the Panama Canal, has been elected president of the East Coast Fisheries Company and the East Coast Fisheries Products Company, it was announced yesterday.

The first company operates twenty-five steam trawlers, the largest fleet in the business, while the second is a large packing and canning company. The canning company factories are in Rockland, Maine.

IN MEMORIAM.

HALL—In loving remembrance of my dear husband, William R. Hall, who departed this life 10 years ago today, October 6th, 1910.

I shall never cease to love you,
Though your form be in the dust,
And some day I will be with you.
To this end, in God I trust.

By his devoted wife, Annie E. Hall.

Landlords Tricky; Make Suits Costly

New York, Oct. 6.—The landlord-tenant strife has entered on a new phase, the advantage going to the landlords.

It was disclosed yesterday that landlords have started several hundred actions' against tenants of houses in New York City, in Greene and Niagara counties, which are situated in the western part of the State.

This move is in evasion of the policy of not issuing eviction warrants, ordered in New York City municipal courts by presiding Judge Levy. It is believed that the landlords have accomplished a shrewd strike by starting action in courts far from New York City.

The fare to Niagara County is $14.21 each way.

Five Children Die In Fire.

Merrill, Wis., Oct. 5.—Five children of Edward Nelson, ranging in age from 5 to 14 years, were burned to death when fire destroyed Nelson's farm-home near here early yesterday.

The children were asleep upstairs. The parents, whose bedroom was downstairs, escaped. A lantern left burning in an upper bedroom is believed to have caused the fire.

Sugar Sells at 7 1-2 Cents, Lowest Price of Year

New York, Oct. 5.—Cuban raw sugar sold here at 7 1-2 cents, the lowest price quoted this year. A New York operator paid that price for 35,000 bags for immediate shipment.

The lowest previous price for the year was 9 1-8 cents, on February 24.

Surprise Hinted In Wanderer's Trial.

Chicago, Oct. 6.—Carl Wanderer, on trial for the murder of his wife, his unborn baby and an unidentified stranger, is preparing a surprise when he takes the stand in his own defense. It has to do with the identity of the ragged stranger whom Wanderer engaged to stage the pretended holdup and whom he shot to death after he was through with him, but there is no inkling of what bearing it will have on the defense.

Wanderer, unshaven, haggard, red-eyed, and open-mouthed, paid scant attention yesterday to the selection of the jury. He bases his hope of escaping the gallows on the alleged revelations he will make when he faces the jury. In his confession he claimed he had never seen nor known the stranger until he encountered him on the street, hanging around a low dive, and engaged him to "rob" Mrs. Wanderer.

It is now expected to complete the jury by the end of the week. Two have been chosen out of the first venire of 100 men and two others may be accepted by both sides.

Sugar Price Hits New Lowmark.

New York, Oct. 6.—The price of refined sugar reached a new low mark for the present downward movement when the Federal Sugar Refining Company yesterday fixed a quotation if 12 cents.

This new low mark follows the purchase of raw sugar by the company at 7 1-2 cents, which is also a new low quotation for the present downward movement.

Hoop-la

Think of it, new baked bread, cakes, cookies and pies. You can just smell them. Think of the times you robbed the cookie jar. Think what it means to know that you have a range that will give you a positive one-third to one-half fuel saving.

Cole's Sanitary Down Draft Range
It is equipped with
COLE'S HOT BLAST
Fuel Saving System

of combustion. This gives you a saving of one-third to one-half on your fuel. Burns the fuel gases that other makes of ranges waste and carries a broad sheet of clean flame under all six lids and entirely around the oven. This means even cooking and baking results. Even steady heat—not a flashy wasteful one. Holds fire over night. Gas tight—rust proof vitreous enameled linings. This range will outlast any range on the market and will pay for itself in fuel saved. Furnished in blue or gray enamel or plain black. A beauty from start to finish.

See us before our supply is exhausted.

Nobody thinks anything now of going away on a trip

THE railroads were partly responsible. But it wasn't until the automobile reached its present state of development that the old barriers against travel were finally broken down.

II

More people own automobiles today than ever thought of owning a horse and buggy in the old days.

That's because the *cost of motoring* has been brought within reach of the average citizen's pocketbook.

We look upon it as part of our job to *keep it there.* If it weren't for the trade of the *man with the medium priced car* there wouldn't be much in this tire business for us.

III

The less a man has to spend on motoring, the more important it is that his tires should be of *first quality.*

Any tire is *not* good enough for the small car owner. He wants a tire that will give him *just as much for his money* in the small size as the big car man gets for his money in the large size.

IV

In thinking over what kind of tires we would represent in this community we tried to *put ourselves in the place of* the car owner. And we believe we hit it exactly when we selected U. S. Tires.

Select your tires according to the roads they have to travel:
In sandy or hilly country, wherever the going is apt to be heavy—The U. S. Nobby.
For ordinary country roads—The U. S. Chain or Usco.
For front wheels—The U. S. Plain.
For best results—*everywhere*—U. S. Royal Cords.

Experienced Mothers know the wisdom of assisting nature before Baby's coming

IT is natural to think of the expectant mother's influence upon the unborn babe. Her food, her habits, her hygiene, and even the condition of her mind, all have a part in determining the well-being or ill-being of her infant before birth.

No woman awaiting the joys of coming motherhood should allow the days to pass without giving nature a helping hand—*because* the conditions of pending motherhood, existing as they do, over a protracted period of months, create almost a new state of being for a woman.

Just as she prepares herself for it, so will most favorable conditions prevail when her child is born.

MOTHER'S FRIEND is a balm for the nerves, an intensley penetrating lubricant that softens the muscles, relaxes tension of the delicate organism involved in maternity, and prepares the way for *an easier, quicker and practical delivery.*

Get a bottle from your druggist today.

For valuable booklet—**"MOTHERHOOD and The BABY"**—*free, fill in coupon below and mail direct to makers of* MOTHER'S FRIEND.

WARNING: *Avoid using plain oils, greases and substitutes—they act only on the skin and may cause harm without doing good.*

BACK GIVES OUT

Plenty of Alexandria Readers Have This Experience.

You tax the kidneys—overwork them—

They can't keep up the continual strain.

The back may give out—it may ache and pain;

Kidney troubles may set in.

Don't wait longer—take Doan's Kidney Pills.

Alexandria people tell you how they act.

Mrs. Mary Williams, 914 Duke St., Alexandria, says: "About two years ago I was suffering terribly from kidney trouble. My back pained me so at times I could hardly get about. Nights, lying in bed, it seemed as though my back were broken. My kidneys acted much too freely and that broke my rest. Mornings I felt stiff and sore and could hardly get out of bed. I was completely run down. Doan's Kidney Pills soon gave me relief and after I had finished two boxes my kidneys acted naturally and the pains in my back were gone. I was entirely cured."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Williams had. Foster-Milburn Co., Mfgrs., Buffalo, N. Y.

VIRGINIA NEWS

Roanoke—S. H. Huff, general chairman of the Brotherhood of Locomotive Engineers on the Norfolk and Western Railway, as been appointed system grand chief engineer, of the brotherhood, with headquarters in Cleveland, it was announced here yesterday. Mr. Huff's duties will consist of adjusting grievances between locomotive engineers and railroad officials throughout the country.

Fredericksburg—George F. Millington 60, a widower, and Mrs. Frances Payne, 52, a widow, both of Brooke, Stafford county, were married here by the Rev. H. L. Hout.

Norfolk — Walton J. White, a chauffeur, was arrested in Princess Anne county yesterday morning at 9:15 o'clock by a detachment of city police after a chase of seven hours. He is held on the charge of murdering his wife, Mrs. Ruth White. The woman was shot to death in the hallway of her home here at 1:50 o'clock yesterday morning.

She Defies Health Officer.

New York, Oct. 6.—Dr. Frederick R. Sanborn, member of the State Board of Health, yesterday faced the alternative of contesting Mrs. James C. Barker's interpretaion of the State administration-backed rent laws or giving up to comfortable home in which he had planned to spend the winter.

Dr. and Mrs. Sanborn, who had leased their home "for the summer" to Mrs. Barker, returned yesterday to be informed by Mrs. Barker that the rent laws prohibited her ejection—lease or no lease—without tedious court proceedings, and that she intended to stand by her "rights" and protect her roomers.

Dr. Sanford and his wife "intrenched" in an attic room. Friends threw sandwiches to them through the window.

AUTO EDITOR TALKS ON GOOD ROADS

(Continued from page one)

A. A. A., to the country. He asked the co-operation of the bureau in urging the permanent improvement of Chappawamsic Swamp, stating that this distance of only 500 feet was diverting motor travel from this section to Kentucky and Tennessee. He dwelt upon the desirability of the Lee Memorial Highway, which will connect this city with the valley of Virginia and expressed the hope that every possible co-operation would be given to this project.

The work of the A. A. A., in having Federal aid in road building dates back to 1912, when Congress passed the first law making this provision. Now the association is working for the Townsend Bill, which provides for the taking over of one per cent of State Roads for a system of National Highways. This in most states will mean the construction and maintenance by the federal government of a highwsy running north and south and another extending east and west, both connecting with adjoining states and forming transcontinental highways. The American Automobile Association is now working for the National reciprocity law to give the free use of roads to motor cars and trucks when outside of the state where they are licensed. He cited the trouble and friction motorists of the District of Columbia and Maryland are having and said the Slogan should be "Reciprocity at Home and Abroad." The speaker urged upon the motorists of the City the thought that they are responsible for both the observance and enforcement of the traffic laws, stating that by actual observation 75 per cent of the motorists when driving over grade crossings of railroads do not Stop, Look or Listen. To emphasize the number of accidents, Mr. Eldridge said that during the Revolutionary War but 6500 were killed on the American side. In the past three years 19,500 persons were killed in automobile accidents.

In concluding the speaker stated that concrete road construction was now being tested at the Government Experimental Farm, just north of this City, and that future construction would be heavier and truck traffic regulated.

Mr. Eldridge was given a rising vote of thanks.

The chairman then introduced A. G. Seiler chairman of the Touring Committe of the A. A. A., who briefly spoke of the historical attractions Alexandria holds for tourists. He said that acting upon the request of the chamber his committee is now making a new map of Alexandria, showing the historical points; copies of this map will be distributed to automobile clubs throughout the United States. He further stated that within a few weeks signs will be erected on the nearby roads giving the direction and distance to Alexandria.

The date of the next regular meeting being the night of election day, the Bureau decided that the meeting would be held on November 3rd.

A mellow drama for the tired business man

ACT ONE. Our hero.
WALKS IN his sleep.
AND IDLY strolling.
PAST THE Mint.
IN PHILADELPHIA.
IS TOUCHED by a stranger.
ACT TWO. Our hero.
LEARNS FROM the stranger.
A SPLENDID way.
TO MAKE money.
AND HE makes lots of it.
BIG BALES of it.
AND THE curtain falls.
ON SCENES of luxury.
ACT THREE. Our hero.
MAKES MORE money.
AND THE plot thickens.
AND THE dark.
MYSTERIOUS STRANGER.
GOES OUT of his life.
FOREVER.
AND ONE fine day.
OUR HERO is caught.
PASSING THIS money.
ACT FOUR. Our hero wakes.
AND TELLS the world.
THROUGH THE bars.
OF HIS Atlanta cell.
THAT UNCLE Sam's money.
IS LIKE the blend.
OF THOSE cigarettes.
THAT "SATISFY."
IT CAN'T be copied.

In packages of 20 protected by special moisture-proof wrapper. Also in round AIR-TIGHT tins of 50.

THE Turkish tobacco in Chesterfields is *real* Turkish, not counterfeit. The Domestic is the best leaf money can buy. And the blend is a secret—it can't be copied. Chesterfields are "good" anywhere—and you'll never tire of "Satisfy."

Peasants Seek to Seize Big Estates.

Rome, Oct. 6.—Thousands of peasants in Sicily are attempting to seize large estates for their own benefit. A monk leads one party. A government decree recently authorized the transfer of uncultivated land to peasants' co-operative societies. The socialists have urged the peasants to occupy coveted land and Catholic societies also have encouraged the movement.

Sore Throat, Colds
Quickly Checked By Hamlin's Wizard Oil

Sore throat and chest colds should never be neglected. Few people realize how often they result seriously if not promptly checked. Hamlin's Wizard Oil is a safe, simple and effective treatment. Used as a gargle for sore throat it brings quick relief. Rubbed on the chest it will often loosen up a hard, deep seated cold in one night. Keep a bottle on the shelf.
Wizard Oil is a good dependable preparation to have in the medicine chest for first aid when the doctor may be far away. How often sprains, bruises, cuts and burns occur in every family, as well as little troubles like earache, toothache, cold sores, canker sores, stiff neck, and tired aching feet. Soothing, healing Wizard Oil will always bring quick relief.
Generous size bottle 35c.
If you are troubled with constipation or sick headache try Hamlin's Wizard Liver Whips. Just pleasant little pink pills at druggists for 30c. Guaranteed.

"DANDERINE"
Stops Hair Coming Out; Doubles Its Beauty.

A few cents buys "Danderine." After an application of "Danderine" you can not find a fallen hair or any dandruff, besides every hair shows new life, vigor, brightness, more color and thickness.
Accept "California" Syrup of Figs only—look for the name California on the package, then you are sure your child is having the best and most harmless physic for the little stomach liver and bowels. Children love its fruity taste. Full directions on each bottle. You must say "California."

Lynch 3; Posse Seeks Another.

McClenny, Fla., Oct. 6.—Three negroes were lynched here yesterday by a mob which forced entrance into the Baker county jail. The negroes were Rayfield and Ben Givens and Milton Smith, who were arrested Sunday morning in connection with the murder Saturday night of John Harvey White, one of the leading farmers of the county.

Another negro, Jim Givens, brother of two of the men lynched Tuesday night, is alleged to have done the shooting. Jim Givens as not been apprehended, but a posse has been searching the countryside for him.

DODSON KILLING USE OF CALOMEL

Says Drug is Mercury and Acts Like Dynamite on Your Liver

Dodson is making a hard fight against calomel in the South. Every druggist has noticed a great falling off in the sale of calomel. They all give the same reason, Dodson's Liver Tone is taking its place.

"Calomel is dangerous and people know it, while Dodson's Liver Tone is perfectly safe and gives better results," said a prominent local druggist. Dodson's Liver Tone is personally guaranteed by every druggist. A large bottle costs but a few cents, and if it fails to give easy relief in every case of liver sluggishness and constipation, you have only to ask for your money back.

Dodson's Liver Tone is a pleasant-tasting, purely vegetable remedy, harmless to both children and adults. Take a spoonful at night and wake up feeling fine; no biliousness, sick headache, acid stomach or constipated bowels. It doesn't gripe or cause inconvenience all the next day like violent calomel. Take a dose of calomel today and tomorrow you will feel weak, sick and nauseated. Don't lose a day's work! Take Dodson's Liver Tone instead and feel fine, full of vigor an dambition.

Why Are Skin Diseases So Difficult to Overcome?

When your skin breaks out with itching eruptions, tetter, rash, eczema, psoryasis, or other terrifying disorders, temporary relief will do you but little good, for soon all the itching and irritation breaks out afresh with renewed fury, and you soon realize that local remedies such as ointments, salves and similar treatment will never rid you of your trouble.
These troubles originate in the blood, and if you expect real substantial relief you must treat them through the blood.
The best remedy for this purpose is S.S.S., the fine old blood remedy that purifies the blood of disease germs, and thus restores the skin to a normal and healthy condition.
Begin taking S.S.S. today, and write a complete history of your case, and our medical director will give you expert advice without charge. Address Chief Medical Adviser, 161 Swift Laboratory, Atlanta, Ga.
